

June 8 ~ 10, 2012 * Mills Park ~ Carson City, Nevada

Howdy Partner!

Welcome to the 29th Annual Carson City Rendezvous! We're anxious to have you join us as we celebrate the rich and storied legacy of the pioneer men and women who came together for a "rendezvous" as they discovered and formed the great state of Nevada!

This event is filled with living history, from Mountain Men to Civil War soldiers, cowboys and gunfighters, sutlers and traders, Native Americans, and anyone who was a part of Nevada's 19th Century heritage!

Now you too can be a part of this wonderful event by sharing your wares and goods, or promoting your services and connections to modern or historic Nevada society with the visiting public. We invite you to complete an appropriate application pertaining to your class of booth entry and submit it as soon as possible so that you can reserve your spot! Space is limited so please be sure to apply soon!

All forms and information concerning the Carson City Rendezvous, as well as contact information, can be found at www.carsoncityrendezvous.com. You may also call the office at (775) 846-1130.

At the Carson City Rendezvous, we are striving to ensure that the public is able to experience as close to real living history as possible, and therefore we are committed to doing what we can to preserve the look and feel of the event. With that said, we ask that each participant, vendor, or trader booth provide us with an accurate account of what exactly they are proposing to present within the event. This includes a photo of your booth set up, a general idea of what you'll be showing or selling, and perhaps how your booth will contribute to the preservation or representation of Nevada history, culture, or modern way of life as it impacts the community as a whole. All participants and booths are subject to approval by event management.

There are big plans for the 2012 Rendezvous, and even bigger plans moving forward in the years to come. We hope that you will join us as we grow well into the 21st Century and we look forward to hearing from you at your earliest convenience! Thank you!
